I. COMPETITION OVERVIEW

2023 Silicon Valley Open will be conducted in accordance with the rules and regulations of U.S. Figure Skating, as set forth in the [current rulebook](#), and/or current Compete USA handbook as well as any pertinent updates that have been posted on the U.S. Figure Skating [website](#).

This competition is open to all eligible, restricted, reinstated or readmitted persons as defined by the Eligibility Rules.

Skaters must be a currently registered member of a U.S. Figure Skating member club, Learn to Skate USA member, a collegiate club or who is an individual member in accordance with the current rulebook. For non-U.S. citizens, please refer to the [rulebook](#) for more information.

COVID-19 INFORMATION:

For the most recent U.S. Figure Skating COVID-19 policy requirements, [CLICK HERE](#). **This policy may be subject to change and may not represent the guidelines in place on the day of competition. It is the responsibility of the attendees to check for the most up-to-date information. All attendees must also comply with the most current Solar4America Ice Rink Covid-19 policies.**

SERIES INFORMATION:

2023 Silicon Valley Open is approved by U.S. Figure Skating as part of the Solo Dance Series. Please refer to the [2023 Solo Dance Series Handbook](#) for more information about the Series requirements.

2023 Silicon Valley Open is an approved NATIONAL QUALIFYING SERIES (NQS) competition, for Partnered Dance only. Please refer to the [NQS Announcement](#) for more information about the Series requirements, registration and competition information.

II. ELIGIBILITY

TEST LEVEL:

As of December 1, 2022, singles athletes may opt to accelerate their test progression within U.S. Figure Skating and thus compete at level(s) best suited for their technical skillset. Athletes must still meet the minimum requirements for each level and additionally, if participating within the National Qualifying Series (NQS) or National Excel Series (Excel), they will establish a **competitive floor** (i.e., the lowest level they can compete at).

The **competitive floor** is determined only by the level selected through the EMS Series Application for NQS or Excel and is not uniquely tied to competition registration (regardless of series participation).

Example, if an athlete passed their junior free skate test in November and competed in the 2022-23 NQS as a Novice from July - September, they may register for either novice or junior in excel or well-balanced events. The novice level will remain their competitive floor until they complete an EMS Series Application at the junior level or higher for NQS or Excel.

Example #2, if an athlete passed their juvenile free skate but has not competed in NQS or Excel (i.e., they have not established a competitive floor), they have the option to compete pre-preliminary – intermediate

(if skate up is permitted). While the options are wide, U.S. Figure Skating entrusts the coach to guide the athlete to select the appropriate level for the athlete based on their technical skillset.

Eligibility Notes:

1. The singles free skate test levels will remain as a minimum requirement to compete.
2. Athletes may not skate down in any event.
3. This update does NOT apply to Adult, Showcase and Solo Dance.

If an athlete, coach, parent and/or guardian needs assistance with confirming their eligibility, email events@usfigureskating.org or refer to information sheet [HERE](#).

Age restrictions/requirements: Singles free skate (well-balanced program) and short program events have the following requirements. Skater's age on the entry deadline will be age used for age restricted events.

- Juvenile: Girls – 12 years or younger; Boys – 13 years or younger
- Open Juvenile: Girls – 13 years or older; Boys – 14 years or older
- Intermediate must be under the age of 18
- Young Adults must be 18 – 20 yrs
- Adults must be 21 years or older

Skaters entering pre-juvenile and lower events will be divided as closely as possible by age should the number of entries warrant more than one group.

EVENTS OFFERED:

[Program requirements for the events listed below can be found here: usfigureskating.org – Skate – Compete – Program Requirements](#)

NOTE: Skaters may not enter an Excel and Well-Balanced free skate events at the same competition. Further, a skater may enter only one event in each discipline, e.g. Free Skate, Short Program.

Genders may be combined in adult events, Compete USA events, and Pre-Juvenile and lower-level Excel and Well-Balanced Free Skate events depending on the number of entries and at the discretion of the chief referee.

Solo Dance Series events will be held, and levels not combined, when there is a single entrant in the event. For all other SVO 2023 events, the chief referee, at her discretion, may combine close levels to create competition for events with single entrants. In the event the chief referee is not able to create competition for a single-entrant event by combining close levels, single entrant events will be held, even for non-Solo Dance Series events.
